

Fontbonne University

Catholic High School Social Work Explorers Week

The social work department is interested in introducing Catholic High School students to the field of social work. To this end, the social work department will be offering a one-week intensive college course in social work open to high school students. Students will be given the opportunity to live in dorms on campus for the week along with faculty and current social work majors. As a Catholic University, sponsored by the Sisters of St. Joseph of Carondelet, Fontbonne has a mission to “serve the dear neighbor” and the social work program mirrors this mission. Students who are interested in social justice issues within a Catholic Social Teachings Perspective, careers that incorporate service, or understanding more about the college experience, will find this program to be a good fit for their interests.

I’m happy to answer any specific questions you may have before our meeting on March 16, 2018, 11:30p.m.

The program will be limited to 10 students with invitations going to St. Pius and Borgia High schools.

Also, please feel free to give my information out to students or parents who would like more information.

I look forward to meeting everyone. Thank you for your reconsideration.

Sharon Jackson MSW LCSW
