What is your favorite thing about working at Pius X? The friendliness of the students and staff.

Outside of work, what are you passionate about? I'm fortunate in that my work is also my hobby-I love performing, recording, and teaching music. I'm also passionate about my wife, family and Cardinal baseball in that order.

What did you want to be when you were growing up? A priest, then a baseball player, an attorney, and a musician. (Not all at once).

What personal strengths do you find especially helpful in your teaching? Patience, I'm a good listener, and the ability to be flexible in my approaches.
