

Dear High School Educators:

I'd like to invite all high school accounting, business, and math students to apply for a scholarship sponsored by the [Missouri Society of CPAs \(MOCPA\)](#). As we don't have accurate contact information for all guidance counselors and business teachers, I'm hoping you will pass this message on to them, so all students who plan to major in accounting will be able to apply for these scholarships.

Thank you for your assistance in delivering this important message!
