

Cafeteria Service  
For 2015 -2016 School Year  
***Food Service Consultants***  
Fran Arnac, Cafeteria Manager 636-931-7487, ext 109

The Cafeteria will be using the Automated Meal Card System again this year. I wanted to take this opportunity to briefly explain how the program will work.

- The meal card system is **not** mandatory. If you do not wish to participate, you can continue to send money with your student daily or he/she can bring lunch from home.
- Cards may be picked up on the first serving day in the Café.
- There is no charge for using the meal card system.
- The system is fully computerized and accountable.
- Cards are scanned when purchases are made, similar to a grocery store.
- The transaction is then deducted from the balance
- The meal card system records all deposits and purchases on the account and tracks the balance daily.
- Balances will roll over semester to semester and year to year.
- Graduates may have the balance passed on to a sibling or given a refund.
- Card balances may be checked online at <http://www.stpius.com/lunch-menus.html>

In the event of a lost card the student needs to report to the Cafeteria manager who will invalidate the lost card and issue a new one. There will be a \$5.00 charge for lost cards.

- Students may sign up before the beginning of school or purchase a meal card at any time.
- The initial check or deposit must be a minimum of \$25.00.
- We estimate that you student would probably need \$20 - \$25 per week, depending on what he/she chooses to eat.
- If the account falls below \$10.00 the cashier will tell your student. This should give you time to send in additional money.
- If the account balance falls below zero, your student will be required to pay cash until additional money is deposited.

The cafeteria service is provided by ***Food Service Consultants***. Please make checks payable to ***Food Service Consultants***. Money may be brought to the main office before 8:00 am only. Money may be taken to the Café office before school, during study halls or during regular lunch periods each day.

Questions regarding your student's account should be addressed to Fran Arnac, Cafeteria Manager.
